Class 4 Winds, Inc. is a leading advocate of wind energy in a region that offers the most desirable wind in the world. Class 4 Winds facilitates partnerships, promotes wind-related interests, provides educational opportunities, and is a knowledgeable resource for wind energy communications for the region surrounding Amarillo, Texas and extending into New Mexico, Oklahoma, Kansas, and Colorado.

- Class 4 Winds is dedicated to providing educational opportunities and information to stakeholders as they seek to capitalize on the enduring benefits to be gained from promoting the region's vast wind energy resources.
Class 4 Winds is dedicated to communicating about the region to the wind energy industry and supporting the development and growth of wind power and the production and export of renewable energy.
Class 4 Winds is dedicated to providing support to those who advocate on behalf of the region as they seek to champion the region as an affordable, favorable location for the development of wind power and associated industries.
Class 4 Winds is knowledgeable about wind energy resources and activities and provides a link between landowners and wind developers and between wind developers and regional resources.

This region should be the Wind Capital of the United States
